

TOWN OF ST. JAMES

COUNCIL POLICY 2019-01

Policy on naming buildings.

It is the policy of the Town of St. James that the Town Council shall not name or otherwise dedicate Town Buildings after an individual or organization. Specific rooms, outdoor enhancements or other assets may be named or dedicated in the name of an individual or organization as deemed in the interest of the Town.

Policy Statement: The Town Council acknowledges that there are fewer facilities that are available to be named than there may be deserving individuals or organizations. Accordingly, the Town Council has determined that the Town Office and Community Center (and other buildings that may be built) will not bear the name(s) of any individual or organization.
